RTFM Switch

RTFM Access

The RTFM switch access will be on the top side of the horn hidden under a screw that will be used to keep the unit secured. To access the RTFM, complete the following steps:

1. Remove the screw to gain access to the RTFM button (see the figure below).

2. Use a paper clip to feed through the hole to press the RTFM button (see the figure below).

Announce the IP Address

To broadcast the device's current IP address, press and hold the RTFM switch for a couple of seconds and then release it.

Restore the Factory Default Settings

To restore the factory defaults, complete the following steps:

1. Press and hold the RTFM switch until you hear the device announce the words, "restoring defaults" and "rebooting".

2. Release the RTFM switch. The device will be restored to the factory default settings.
