

When the need for emergency notification is paramount and time is critical...

Help Is Just A Push Button Away

CyberData's 011049 SIP Call Button can be configured to play a stored audio message via Multicast to endpoints, while simultaneously placing an outbound SIP call to law enforcement.

Also perfect for retail stores as a Customer Service alert button.

"Customer Service needed in cosmetics."

Outdoor version also available – PN# 011491

"This is an emergency. Shelter in place. Law enforcement is on the way."

Plays a stored audio message to any endpoint that receives Multicast

Places a SIP call to law enforcement and plays a stored audio message
