

Here Comes the Sun

Some hospitals welcome babies into the world by playing a lullaby over their paging system. According to staff at Mt Sinai Hospital in NY, when a COVID-19 patient recovers enough to leave, they play “Here Comes The Sun”.

They’re your friends, your neighbors, your family. And they’re on the front line in the fight against the COVID-19 pandemic right now. In addition to caring for and saving lives, they’re bringing some much needed cheer to those that have recovered enough to leave. **Great idea! Here’s how to do it.**

Mount Sinai

Last year, we shared the sweet story of how Anderson Regional Health System in Meriden, MS welcomed newborn babies into the world by playing a lullaby over their CyberData paging endpoints. **Similar idea, easy to implement, priceless result.**

ANDERSON
Regional Health System

Advanced medicine. Compassionate care. Close to home.
